LIST OF CONTENTS

Volume 31, Number 1

Professor H.J. Eysenck B.A., Ph.D., D.Sc.
Special Issue

	1	The International Society for the Study of Individual Differences (ISSID)
G.H. Gudjonsson and S.B.G. Eysenck	3	Editorial
S.B.G. Eysenck	5	H. J. Eysenck: a personal view
I. Martin	7	Hans Eysenck at the Maudsley — the early years
P. Barrett	11	Hans Eysenck at the Institute of Psychiatry — the later years
J.P. Rushton	17	A scientometric appreciation of H. J. Eysenck's contributions to psychology
G. Bunn	41	Eysenck at the Science Museum
	45	Bibliography: Hans J. Eysenck, Ph.D., D.Sc., 1939–2000

Volume 31, Number 2

	101	The International Society for the Study of Individual Differences (ISSID)
L.J. Stricker and D.A. Rock	103	Measuring accomplishments: pseudoipsativity, quantity versus quality, and dimensionality
D. Milovchevich, K. Howells, N. Drew and A. Day	117	Sex and gender role differences in anger: an Australian community study
C.J. Jackson	129	Comparison between Eysenck's and Gray's models of personality in the prediction of motivational work criteria
W.A. Arrindell, Ch. van Nieuwenhuizen and F. Luteijn	145	Chronic psychiatric status and satisfaction with life
S.H. Stewart, M.J. Zvolensky and G.H. Eifert	157	Negative-reinforcement drinking motives mediate the relation between anxiety sensitivity and increased drinking behavior
J.C. Caruso and S. Edwards	173	Reliability generalization of the Junior Eysenck Personality Questionnaire
J.R. Beech	185	A curvilinear relationship between hair loss and mental rotation and neuroticism: a possible influence of sustained dihydrotestosterone production
A.B. Shafer	193	Relation of the Big Five to the EASI scales and the Thurstone Temperament Schedule
C. Vázquez, F. Jiménez, F. Saura and M.D. Avia	205	The importance of "importance": a longitudinal confirmation of the attributional-stress model of depression measuring the importance of the attributions and the impact of the stressor

M. Lauriola and I.P. Levin — 215 Personality traits and risky decision-making in a controlled experimental task: an exploratory study

D. Roger, G. Garcia de la Banda, H. Soo Lee and D.T. Olason — 227 A factor-analytic study of cross-cultural differences in emotional rumination and emotional inhibition

L.A. McWilliams and G.J.G. Asmundson — 239 Assessing individual differences in attention to pain: psychometric properties of the Pain Vigilance and Awareness Questionnaire modified for a non-clinical pain sample

S. van Rijsoort, P. Emmelkamp and G. Vervaeke — 247 Assessment of worry and OCD: how are they related?

M.C. Whiteman, A. Bedford, E. Grant, F.G.R. Fowkes and I.J. Deary — 259 The five-factor model (NEO-FFI) and The Personality Deviance Scales-Revised (PDS-R): going around in interpersonal circles

M. Schredl — 269 Dreams of singles: effects of waking-life social contacts on dream content

277 Book Review

279 Erratum

281 Referees

Volume 31, Number 3

287 The International Society for the Study of Individual Differences (ISSID)

L.-F. Zhang — 289 Do styles of thinking matter among Hong Kong secondary school students?

M. Elovainio, M. Kivimäki, M. Kortteinen and H. Tuomikoski — 303 Socioeconomic status, hostility and health

J. Brebner — 317 Personality and stress coping

E. Romero, M.A. Luengo and J. Sobral — 329 Personality and antisocial behaviour: study of temperamental dimensions

X. Caseras, R. Torrubia and J.M. Farré — 349 Is the Behavioural Inhibition System the core vulnerability for cluster C personality disorders?

J. Kasof — 361 Eveningness and bulimic behavior

J. Houran, H.J. Irwin and R. Lange — 371 Clinical relevance of the two-factor rasch version of the Revised Paranormal Belief Scale

G. Claridge and C. Davis — 383 What's the use of neuroticism?

D. Pearson, A. Burrow, C. FitzGerald, K. Green, G. Lee and N. Wise — 401 Auditory hallucinations in normal child populations

D. Rawlings, G. Claridge and J.L. Freeman — 409 Principal components analysis of the Schizotypal Personality Scale (STA) and the Borderline Personality Scale (STB)

D. Rawlings and M. Goldberg — 421 Correlating a measure of sustained attention with a multidimensional measure of schizotypal traits

S.L. Rattet and K. Bursik — 433 Investigating the personality correlates of paranormal belief and precognitive experience

N.L. Segal and A. Roy — 445 — Suicidal attempts and ideation in twins whose co-twins' deaths were non-suicides: replication and elaboration

T. Dalgleish, K. Tchanturia, L. Serpell, S. Hems, P. de Silva and J. Treasure — 453 — Perceived control over events in the world in patients with eating disorders: a preliminary study

J. Worobey — 461 — Associations between temperament and love attitudes in a college sample

Volume 31, Number 4

471 — The International Society for the Study of Individual Differences (ISSID)

R.B. Wilkinson and W.A. Walford — 473 — Attachment and personality in the psychological health of adolescents

E. Rassin, H. Merckelbach and P. Muris — 485 — Thought suppression and traumatic intrusions in undergraduate students: a correlational study

T.D. Blumenthal — 495 — Extraversion, attention, and startle response reactivity

J.P. Sharpe and S. Desai — 505 — The Revised Neo Personality Inventory and the MMPI-2 Psychopathology Five in the prediction of aggression

V. Greco and D. Roger — 519 — Coping with uncertainty: the construction and validation of a new measure

J.F. Bassett and J.M. Dabbs Jr. — 535 — Eye color predicts alcohol use in two archival samples

A.J.M. van Loon, M. Tijhuis, P.G. Surtees and J. Ormel — 541 — Personality and coping: their relationship with lifestyle risk factors for cancer

E.C. Chang and A.S. Farrehi, — 555 — Optimism/pessimism and information-processing styles: can their influences be distinguished in predicting psychological adjustment?

K. Schweizer and W. Koch — 563 — The assessment of components of optimism by POSO-E

G. Matthews and D.R. Davies — 575 — Individual differences in energetic arousal and sustained attention: a dual-task study

J. Stöber and J. Joormann, — 591 — A short form of the Worry Domains Questionnaire: construction and factorial validation

J.M. Dabbs Jr., J.K. Riad and S.E. Chance, — 599 — Testosterone and Ruthless Homicide

J. Stöber and U. Wolfradt — 605 — Worry and social desirability: opposite relationships for socio-political and social-evaluation worries

R.H.J. Scholte and E.E.J. De Bruyn — 615 — The Revised Junior Eysenck Personality Questionnaire (JEPQ-R): Dutch replications of the full-length, short, and abbreviated forms

A. Košćec, B. Radošević-Vidaček, and M. Kostović — 627 — Morningness–eveningness across two student generations: would two decades make a difference?

H.L. Reid-Seiser and B.A. Fritzsche — 639 — The usefulness of the NEO PI-R Positive Presentation Management Scale for detecting response distortion in employment contexts
